H. BONEY ASKS \$750,000 IN SUPERVISOR'S RACE SUIT

Henry Boney, candidate for supervisor in the 2nd District has filed three suits charging libel against the publishers of the Chula Vista Star-News; the publishers of the El Cajon Valley News in El Cajon, his opponent for supervisor, David W. Bird, Ralph Chapman, a Spring Valley land developer and member of the La Presa Water District, Lloyd Loftus, an El Cajon city councilman, and several John Does. Chapman has been working as Bird's campaign manager.

Boney is asking more than \$750,000 damages. The suit charges the defendants printed and circulated an eight page circular July 8, allegedly making false charges against Boney. It asks \$50,000 special, \$500,000 general and \$100,000 exemplary damages.

In a second suit Boney asks \$50,000 damages against Lowell Blankfort, editor-publisher of the Chula Vista Star-News for an article published by the newspaper on Oct. 22 and which Boney says is false.

The third suit is against the Western States Newspapers, Inc. which publishes the Valley News in El Cajon. It asks \$50,000 in special damages, also for publication of an article making a charge which Boney also says is false. The articles allege that Boney had suffered two arrests and once for alleged larceny and

once for alleged fraud. Boney said the stories are "half truths, distortions and lies."

Supervisor Bird said that all he knew about the suit is what he read in the press. "I have not been served with the suit," he said Monday.

He said that Boney's claim that he had been warned "by a

spokesman for my opponent" to withdraw from the race or he and his family would be smeared is "an infamous lie."

Bird said that he himself would withdraw from the race if he (Boney) could prove that any person, authorized by him contacted Boney and made such a statement.

Vandals Hit Schools In S.V.-L.G. Areas

Three local schools were hit by vandals last week end.

Monte Vista High School Principal Stanley McClintic said a window at the school was forced open and an undetermined amount of food was taken from the school cafeteria.

At Avondale Elementary School in Spring Valley Principal Donald R. Barnes said someone broke into the business office and pried open a desk taking \$2 to \$5. The intruder also stabbed a portable radio seven times with a screwdriver.

Principal James Terry of San Miguel Elementary School in Lemon Grove said \$40 damage was done at the school. Two windows were broken and an aquarium was hit with a rock caus-

ing the water to run out and killing the fish.

DAMAGE IS \$1,000

Thieves took \$1,000 worth of oil and water gauges from five pieces of heavy equipment being used on construction at Apple and Brand avenues in Spring Valley during the week-end.

In addition to the loss of the devices, additional loss was suffered by the cost of repair and replacement and down-time of the equipment, Leo Lloyd Snyder, spokesman for the contractors, said.

VFW BLOCKS STOLEN

Cement blocks, valued at \$20, were taken from the new home of VFW Post 2883 at 2885 Imperial ave., Lemon Grove. The post is building its new home at that address. The loss occurred during the week end.

AID TO CHILDREN PROJECT TOTAL TOPS 800 FAMILIES

Thirty-one new names in this newspaper's campaign for added readers brings the total of new subscribers to 802.

These 802 readers are added to the family of readers who regularly get this newspaper each week. In all, there are just under 10,000 families in Spring Valley and Lemon Grove who

get this newspaper each week. Part of the proceeds acquired from these new readers is given to Angels Unaware, the east County Chapter of the San Diego Association for Retarded Children.

This money will be used to acquire playground equipment for the day center at 1288 E.

Lexington ave., El Cajon.

Retarded children are cared for and trained at Angels Unaware. Contributions made in the names of new subscribers are used for a playground equipment fund. Amounts ranging from 10 cents to \$3.50 are turned over to Angels Unaware for each subscription obtained. A simple renewal (through our salespeople) provides the smaller amount, \$3.50 is contributed when a first time subscriber pays for the newspaper for two years through one of Angels Unaware members. Varying amounts in between are handed over for other combinations.

MISS LEMON GROVE

BARBARA FLETCHER TO HOLD 'COURT' AT NEWSPAPER OFFICE

At least two Lemon Grove girls will be among 44 of the fairest damsels in the county as they near the finals for Queen of the North Park Toyland Parade. The Parade will be December 6.

One girl, Barbara Fletcher, is Miss Lemon Grove. Deana Anderson is the other.

In order to compete as Queen, entrants must solicit votes. Votes are actually tickets by which purchasers can win a color television; a wrist watch or a table radio. Tickets sell for 50 cents each or \$5 for a book of 12 tickets. The nine girls then compete for title of Queen.

A panel of judges will make a choice on the basis of poise, personality and appearances with 25 per cent based on each candidate's ticket sales.

This judging will take place Saturday, Nov. 21, at 1 p.m. and the Queen will be announced at

JOHN BULL'S ELECTION VIEW

'Bad Script' Hurts Goldwater Is Story Told To English Readers

By Max Goodwin

One of the "spies" for this newspaper was able to gather up the original story filed by a reporter for the London Daily Express during Sen. Goldwater's visit to San Diego last week.

We assume that the Express ran the story, probably in its Sunday edition.

We are reproducing it here to give our readers an insight on the view foreigners get of our political activities.

Whether we agree with the story or not is beside the point. The way our politics is dish-

world is important. Here is the story, word-for-word the way it was filed:

Today is absolutely vital for Senator Barry Goldwater in his struggle for the presidency of the USA (they vote one week from next Tuesday.)

If he is to have any chance at all against the firmly entrenched favorite, president Lyndon Johnson of Texas, Gold-

Proud Of Helix Water Works Help Says Van Deerlin

Approval of Government funding to help build a water filtration plant in the Helix Irrigation District was one of his "proudest" achievements as a first-term congressman, says Rep. Lionel Van Deerlin.

Addressing the Lemon Grove Men's Club Friday at Michael's, Van Deerlin said this \$1,100,000 allocation in Accelerated Public Works funds had advanced a needed Heartland project by at least two years.

"I think it shows the sort of things that can be done with hard work by a congressman who maintains close touch with administration leaders," he added. "Every resident in this irrigation district will benefit, both in tax savings and in better water service."

Van Deerlin commented on polls showing a huge lead, nationally and locally, for the Johnson-Humphrey ticket. He attributed this in part to the President's popularity among businessmen, adding:

"Their confidence extends from Henry Ford II right down to Main Street America. And no wonder. Administration economies made possible the historic tax cut of 1964. This, together with other favorable legislation, has helped restore our national rate of economic growth to five percent a year — double the average rate of the last decade."

"For the first time in this century, America has seen four full years unmarked by depression or recession," he added.

This week, Lt. Buzz Earnest, until recently in charge of the El Cajon area office of the County Sheriff's Department, will speak. Earnest is now in charge of the Sheriff's Bailiffs and General Services Section. He will discuss "How the Sheriff's Department Handles Crime in Lemon Grove."

The meeting is open to all males. The club meets Friday noon at Michael's for a no-host luncheon.

water must win some of America's big states, and California, now America's biggest in population, is crucial among the giants.

On paper he wouldn't seem to have much of a chance here, because Californian registered members of Johnson's Democrat party outnumber official registered republicans in the state by a couple of million or more.

But, as he meanders slowly southwards today, on an old-fashioned "whistle stop tour" by train to San Diego, near the Mexican border, the man who embodies and symbolizes conservatism in its most extreme and traditional form will find himself among fiercely formidable friends.

JOHN BIRCH SOCIETY CITED
For here in Southern California is the very heartland of the notorious John Birch Society, that far, far right organization which is backed by very big money of largely mysterious origins, and whose militant and often extravagant views include the assertion that Ex-President Dwight Eisenhower was a member of the "Communist Apparatus."

This is the heartland of the wealthy haters of practically all that is new and different. This is the heartland of nostalgia, the heartland of those who pine not only for a vanished America but for a vanished world as well.

This is the heartland of those who would attempt to smash Castro by military force overnight, who would perhaps overthrow the present government.

Speed Checked On Canton Drive

SAN DIEGO (CNA) — At the request of Supervisor David W. Bird, the California Highway Patrol recently ran a special traffic control survey on Canton dr. near the Monterey Heights School.

The patrol reported that during a five day period two speeders were found and three warnings were issued.

Captain Robert Goutsche said the speed zoning seems adequate and there is general compliance. He said that the patrol would continue to "exert strong pressure against the heavier violators and trust that we shall be able to adequately control the situation in the future."

Bird's action in going to the patrol was prompted by a petition signed by 22 persons indicating concern about the safety of school children.

Carol Lukowski

3 Local Girls Competing For Princess Title

Two Lemon Grove girls and one from Spring Valley are competing in the 15th annual Mother Goose Princess contest, which will end Nov. 7 when nine finalists are judged.

The winner will reign over the 18th annual Mother Goose Parade, Nov. 22.

Carol Lukowski, 16, a junior at Mt. Miguel High School, is one of the candidates. She is the daughter of Mr. and Mrs. Warren J. Lukowski of 1659 La Corta st., and is 5 feet, 5 1/2 inches tall.

Tempy Dell Cornelius, 17, a senior at Mt. Miguel High School, is also a candidate along with Jamesa Blythe Levy, 16, a junior at Mt. Miguel High School.

The three girls are among more than 30 competing for the Princess title. To gain the final judging they must be among the top nine girls in the point-producing phase of the contest.

GOOD TURN — Harlan Dye, president of the Lemon Grove Rotary Club, and Scout Kurt Pulliam, 12, of Troop 967 discuss plans for Saturday's tenth annual Goodwill Drive for Goodwill drive, when 10,000 Scouts will pick up Goodwill bags, county-wide, filled with discarded household and other goods. These bags will be taken by 50 trucks, donated by members of the California Trucking Assn. and driven by 50 volunteers from teamsters local 542 to a special Goodwill Industries warehouse, where 75 sailors and 75 marines will unload them. These items later will be rehabilitated by the 200 handicapped workers at Goodwill Industries for sale at marginal prices in the eight Goodwill stores, one of which is located at 3688 Grove st., Lemon Grove.

LET US ALL PRAY TOGETHER AS A FAMILY

Let Christ assure me He is mine, I nothing want beside;
My soul shall at the fountain live, when all the streams are dried.
In faith and hope, the world will disagree,
But all mankind's concern is charity. —Pope

PROPOSITION 17 makes it possible for
California to put into effect the national
transportation settlements—worked out
by Congress and Presidents Eisenhower,
Kennedy and Johnson—which eliminate
wasteful featherbedding in the railroad
industry under terms that insure maximum
job protection, yet retain two men in the
cab of all trains.

These settlements are now in effect in
most states—but not in California because
of a conflicting "horse and buggy days" law
which Proposition 17 repeals.

Nothing Quenches Interest Like a Good, Cold Beer Ad

Not so long ago in some of the slick magazines there appeared an advertisement sponsored by a beer firm.

The ad was, for the most part, a photograph. In the photo was a hairy gorilla stretched contentedly on a lounge. Sitting seductively at the gorilla's feet was an attractive young lady in lounging pajamas.

The tone of the advertisement suggested that any old ape could have an attractive babe — if the beer's right!

Some of you may get some sort of mixed marriages connotation from this little lady-monkey get-together but not we. It is just part and parcel of the silly season on beer advertising.

If people would rather fight than switch from a crummy brand of cigarette, what do you suppose would happen if you took away their beer commercials on teevee?

There's that one where there is a beer glass on the tube and a silly giggle is heard. As the glass becomes emptier the giggling becomes louder and sillier. Presumably this shows that you can have a heck of a good time giggling with Boozie Brothers beer.

There's another on teevee that is so cute and cloying it sickens. A stool, on which an announcer should be sitting, is bare of human anatomy. A sign on a plain backdrop says simply: "Burp-uppers Beer."

An unctuous voice says that the time usually set aside for repulsive commercials is going to be dedicated to quiet — so that you won't miss anything while you go to the frig for your Burp-upper beer, we suppose.

Sometimes the voice hums a little during the 60 second wait. Other times it's quiet. It's the quiet that bothers us. If only someone would say: "Anyone watching this non-picture and listening to this voice may be considered a complete idiot."

We suppose the commercial end of the beer drinking business is really no sillier in this industry than in some of the others, though it does seem shameful that such expensive magazine space and teevee time is not put to better use.

'Escape To Egypt' To Be Shown Sunday

"Escape to Egypt," the second of 12 motion pictures covering the life of Christ is to be shown Sunday at 7 p.m., by the Christian Church meeting at 4207 Palm ave., in La Mesa. Mrs. Elmer Jenkins, minister of the Lemon Grove Christian Church, will elaborate on the cultural background of the times in connection with the film.

The film reverently portrays why Joseph and Mary remained in Bethlehem after the birth of Jesus, the recognition by Simon, the ceremony of redemption, Herod's attempt to outwit the Wise Men, the adoration of the Magi, the order for the slaughter of the innocents, and the escape of the holy family.

Each film runs for 30 minutes and is in color. The public is invited to attend the entire series. There is no admission charge.

Bad Script Hurts Goldwater ...

prove of the use of nuclear weapons to finish off the reds in Vietnam, and who before agreeing to let Russia have any more American wheat would insist on the tearing down of the Berlin wall as a quid pro quo.

These are the rich widows with a wild look in their eyes. These are the retired military and naval men who fulminate against and detest the world about them.

GOLDWATER A MESSIAH

Here amid the warm sunshine, the glorious orchards and ranches and vineyards of Southern California, hate blossoms under the blue skies. To the Birchers and others of like mind, Barry Goldwater appears almost as a Messiah, a tall and god-like man, who may be able to save them all from collectivism, "big government" and the welfare state. Not to mention getting their taxes progressively reduced, as he has formally promised to do if he gains the White House.

So, as his train — and the very use of a train at this stage of the electoral game is evocative of an America long gone — puffs into little places with such characteristic names as Pico Rivera, Santa Ana, San Clemente and Oceanside, the faithful will be out in force, yelling and praying and cheering. And Barry Goldwater will respond, will tell them just the things they long to hear, the reassurances, the promises, the pledges of future action — amounting, by and large, to a turning back the clock.

But undoubtedly he will fluff some of his lines, will as always, fail to put across the big points with panache and a raised voice, will instead throw away all-important phrases in a flat and soporific monotone.

For to watch and listen to Goldwater in action, whether you are for or against him, is an experience which makes you writhe. It always reminds me of sitting in a theatre watching a brilliant actor, handsome able, with a great reputation, failing to come across because the play is so poor.

HANDED BAD SCRIPT

You can visualize what the drama critics will write the next day. "In the role of presidential candidate, that well established star, Senator Barry Goldwater, struggled gamely with a bad script, indifferent direction and a supporting cast that looked as if it had left the school of acting only last week. There were moments when his latent talent seemed about to show itself, but unaccountably he could never manage to achieve a break through."

And yet, even if he cannot manage to express himself successfully, people know what he is trying to say. Everybody knows by now what he stands for and what his hopes are. He is his knight in shining armour, about to tilt against

President Johnson's most trusted henchmen.

There is hysteria in the air. Congressman William Miller, who is Goldwater's "running mate" for the vice-presidency, charges that "there has been a gigantic cover-up of corruption in Washington, that casts its shadow over the White House itself."

Furtiously President Johnson retorts that the Republicans will suffer from their "sneer lash" and that "when they get desperate they get dangerous and when they get dangerous they are not cautious."

J. Edgar Hoover, revered boss of the Federal Bureau of Investigation (the "G-men"), who created a mild sensation by sending a huge bouquet of flowers to the hospital ward of the Johnson man who had been arrested in a men's washroom, has rushed out a report on the man's two arrests in which he underlines that he was suffering from overwork and nervous stress on both occasions.

This, in the opinion of most observers of the hectic scene, is the first time that overwork has been seriously adduced as a cause of homosexual behaviour.

The next twelve days look like being equally action-packed. To quote Bette Davis famous remark in "All About Eve": "Fasten your seat belts, everyone, we're in for a rough ride."

"ALWAYS ON THE JOB"

Harry Griffen of Lemon Grove, President of the Board of Directors of the Helix Irrigation District, describes the splendid progress of the new filtration plant at Chet Harritt Dam to Congressman Lionel Van Deerlin. With Mr. Griffen and Congressman Van Deerlin is Board Member Mabel P. Bryan of La Mesa.

OUR On the Job Congressman Lionel

Van Deerlin went to work for us the first day he took office. We needed jobs, and Van worked hard to get them. A prime example of this is the advancement of funds by two years to construct a new filtration plant at the Chet Harritt Dam. This \$1,100,000 grant was a part of the accelerated Public Works program. The filtration plant had been long and carefully planned, but construction was not due to begin until 1966. The entire funding would have been due from the local taxpayers. Van worked hard with his colleagues in Congress for matching funds, and for the earlier construction date. His work paid off. The new plant will be in operation this January, providing increased water service to all of us in the Heartland area.

LETTERS TO THE EDITOR

Dear Editor:

I have been wondering for some time if people are using the term "liberal" when they mean they are broadminded. In the attempt to be more open-minded and trying to understand the other fellow's problem and position are we not becoming too understanding and too broadminded.

The events of the last few weeks have caused me a great deal of concern, but I have also noticed that people always seem to find excuses for the grave happenings that have occurred. So, therefore, I wonder if you will ask yourself the following questions:

How would you feel next summer when you take your children to the beach and there are women there with topless bathing suits on simply because a San Diego Judge said it was all right. After all men go without tops on their bathing suits.

How would you feel if your wife or mother was murdered while strolling through a park and the minister at her funeral says let's pray for the poor demented soul who murdered her. What about prayers for the

poor women who like to walk through parks.

How would you feel if a man like Walter Jenkins was caught with your son or daughter, but we must look on him as a poor sick soul particularly if he has a job of importance with the government.

How would you feel if the Rosenbergs were acquitted on the same grounds as the two spies in New York. After all the same law was on the books when the Rosenbergs were tried.

How would you feel if your children in school were told "there is no such thing as dirty books, there are just dirty minds."

How is your mind today?

How would you feel if your college student was told to read "Tropic of Cancer." After all, it is the literary value that is important.

How do you feel about paying close to a thousand dollars in tax money for damages done by vandals this past summer to schools in the Lemon Grove School district.

How do you feel about a man who holds the highest position in the land whose close associates are corrupt and where dark clouds hang over his head. Simply because he is President is he above reproach. Do we as citizens dare not question his integrity and honesty.

Please, what excuse can you give for all of the above which is just a sampling of what is going on all over the country. Can you forgive, excuse and understand as long as it's happening far away or to someone else. How understanding would you be if it happened to you?

Mrs. J. F. Wyer Jr.
1733 El Prado Ave.
Lemon Grove, Calif.

Dear Editor:

I wonder if many voters are aware of the fact that the Communist Party, U.S.A., is conducting an all-out campaign to defeat Barry Goldwater?

I would like to quote a statement made by J. Edgar Hoover of the Federal Bureau of Investigation regarding the Communist Party, U.S.A., to wit:

"Under the guise of a political organization, the Communist Party, U.S.A., acts as a subversive mouthpiece of International Communism with the Kremlin setting the line to be followed."

It would obviously appear, therefore, that it would better serve the interests of the Soviet Union to have Johnson elected, rather than Goldwater. Personally, I place my country before my party and I refuse to join with the Kremlin even though I may disagree with Senator Goldwater on different issues. He has been honest

enough to be straight-forward in his approach to controversial issues.

Sincerely,
Harry Pon

Cecil Candler, director of the San Diego Better Business Bureau said that his group had only one complaint from the activity in Lemon Grove.

"Most door-to-door salesmen are honest," he said. "There are a few who misrepresent their merchandise but the buyer need not accept the merchandise if it is not the quality ordered. Reliable firms will not pressure buyers into taking a substitute," he added.

Warning Issued On 'Door' Sales

Local housewives are complaining about a door-to-door salesman who is offering one type of merchandise but is delivering something of a lesser quality.

A Lemon Grove woman told this newspaper Friday that she was offered three \$7.50 hairbrushes for the price of one. When the brushes arrived, they were \$2 brushes, she said. In checking other women in the community she learned that many of them had been made offers of "bargain" merchandise.

Campo-Avocado Rezone Denied

SAN DIEGO (CNA) — The County Planning Commission Friday denied a zone reclassification for property at the northeast corner of Campo rd. and Avocado blvd. that would have given commercial zoning to land that the State Division of Highways is trying to buy.

The present zoning of the .54 acre east of Spring Valley and south of El Cajon is R-1.

The property is owned by Kenneth M. Lemieux who was represented at the meeting by Helen Odum. She said that Lemieux had not received a summons from the Division of Highways.

A letter from the division was read which said that normal negotiations had failed and that condemnation proceedings are planned.

"The property has a depth of less than 74 feet which rises abruptly from Campo rd., and as such, is not suited for commercial development."

"The Health Department opposes the requested C-1 zoning as public sewers are not available and commercial development would create sanitation problems."

WHY WON'T OUR GOVERNMENT PROTECT US FROM HIJACKING ON THE HIGH SEAS?

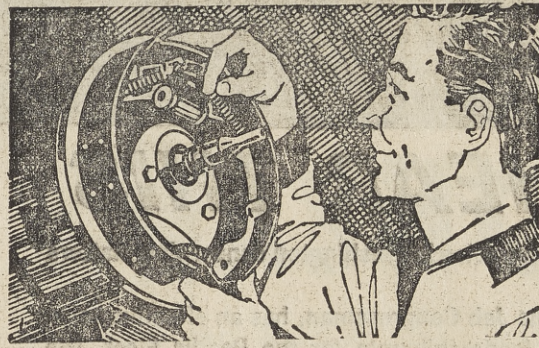

We were eyewitnesses to the hijacking of San Diego fishing boats operating on the high seas. We called our own State Department for aid. They gave us the run-around. They call it foreign aid and give the other countries hijacking our boats whatever they demand. We are not protected anywhere.

WHAT'S WRONG WITH OUR GOVERNMENT? ARE WE ASHAMED TO BE AMERICANS ANYMORE? WE'RE VOTING FOR GOLDWATER.

Workers From Closed Base In Retraining Program

Two Spring Valley men, Owen C. Phelps of 10117 Ramona dr. and Martin T. Joel of 10083 Diversion dr., are among 12 county men of the San Diego Naval Repair Base who are undergoing a retraining program at Conoga Park, near Los Angeles. The men were transferred to the northern city due to the shutdown of the local facility.

The 12 men were chosen to participate in a pilot project, instituted at Rocketdyne Division.

S.V. Husband Finds Wife Shot To Death

Novella Imogene Woods, a 49-year-old housewife of 8940 Jamacha rd., Spring Valley, last week was found dead by her husband, Austin Woods. Mrs. Woods, who had been treated for depression and related illnesses for several years, apparently shot herself. No suicide note was found. She is survived by her husband and a daughter, Betty Rudberg of 8832 Innsdale st., Spring Valley.

Urges 'Yes' On Prop. 17

Senators Hugh M. Burns, president pro tempore of the California State Senate, and Jack Schrade, from this senatorial district, were sponsors of the press conference in San Diego aboard a diesel freight engine Monday during which they urged a "yes" vote on Proposition 17, the railroad featherbedding issue. The proposition would eliminate the third man (firemen) from cabs of freight trains.

Both said there is no safety factor involved. It would be the same as requiring two jockeys on a race horse said Burns.

Both said it was necessary to pass the proposition in order to maintain a sounder economic

Votes Not Traded For Promises, Says D. Wilson

Dick Wilson, candidate for Congress in the 37th Congressional District, told the Spring Valley Chamber of Commerce Monday that his opponent, Congressman Lionel Van Deerlin, and his bosses, were taking for granted support of labor and minority groups.

"This is a serious mistake," Wilson said. "Their votes and their support are not exchangeable for promises. They are given for results and real representation."

"The labor man and the member of a minority simply cannot be considered as a bloc or a group. They are individuals. They think like individuals, act like individuals, and that's why voters aren't going to be stampeded into supporting a regime that takes them down - a regime that let them be granted their support," Wilson said.

"A Congressman in a district this size is entitled to two offices. I propose to open a second office near the center of my district where a person can get full information," he concluded.

JOHN DAIL CLAIMS LEADERSHIP LACKING IN SACRAMENTO

John Dail of Lemon Grove, Democratic candidate for the 77th Assembly, pointed out the value of leadership and fiscal responsibility that must be attained in this area, through Democratic representation at receptions at the United Democratic Headquarters in Chula Vista under Mrs. Suzie Bear, Paul Steele's home in Imperial Beach, Dail's headquarters in National City sponsored by Mike McDini, San Ysidro Headquarters under Harry Marker and Max Verduco and at a Republican and Democrats meeting at Mrs. Erlene Sutton's Lemon Grove residence. Dail stated that "lack of leadership at Sacramento is most evident in our district. The lack of attention to problems affecting all of us at the 'grass roots' level is evidence of gross neglect."

Dail said that his opponent, when elected two years ago wanted to stay "for a reasonable time." "I say that we cannot afford to provide 'enjoyment' to an assemblyman who by his own admission said that he had introduced 10 bills that never got out of committee. These bills were proposed by an elected official of San Diego. Dail stated that he could not agree with a man who said he voted against aid to needy children (AB 59) "so that the money could be spent elsewhere" - "until the children grow up." "The question is how those youngsters survive," Dail said, "until he provides for them."

"A glaring example of the lack of knowledge my opponent has of his job is his vote against the teachers' minimum wage. He said 'the state should provide funds.' 'I agree,' Dail said, "but that is why he was there - to introduce legislation when needed."

Boney Predicts Easy Victory

Henry Boney, Monday, predicted he would win the race for 2nd District supervisor. Speaking before 80 persons at a luncheon meeting of the El Cajon Lions Club, Boney commented briefly on an attempt by his opponent and two community newspapers to "smear" Boney and his family. "I will not get in the gutter to campaign with my opponent," Boney said.

Asked how the allegations, made by his opponent, would effect the outcome of the campaign, Boney replied that a "backlash" had developed against his opponent. He said, "we have received dozens of calls from people who are repulsed by the vicious campaign being waged by the opposing camp."

Boney stated that, a poll conducted Saturday by the Tolle Agency shows "a new surge of support for our side." "If this trend continues," Boney said, "we will win by a five to eight thousand vote margin next Tuesday."

Spanish Group Of Educators Visits LG Schools

Lemon Grove school officials tested their foreign language proficiency last week during a visit of educational dignitaries from Mexico. The visiting team was welcomed in Spanish by Superintendent Byron Netzeley and greeted frequently in Spanish by other school personnel.

Sponsored by the Inter-American Educational Foundation and the Readers Digest Foundation, the group of fourteen was accompanied by John Penery, former San Diego State instructor who heads the foundation. The Lemon Grove tour was part of the two week junket in California designed to benefit teacher training programs in Mexico's colleges.

Netzeley explained to the group how California schools are organized, governed, and administered. Following a discussion Wednesday morning at the Lemon Grove Education Center, the visitors toured the Lemon Grove Junior High and Golden Avenue schools. At the former, emphasis was on special classrooms including art, science, and homemaking.

The Spanish-speaking professors were most impressed with the foreign language laboratory for seventh and eighth grade pupils here. They also witnessed the school lunch program in action.

At noon the group attended a Kiwanis meeting and luncheon where they were introduced. From Lemon Grove they traveled to Grossmont Junior College, UCSD, and on to the Los Angeles area. They plan to return to Mexico at the end of this month where they will resume their varied tasks in administering the national schools of that country.

Scheduled to speak at the meeting is Paul Swenson, director of the Wall Street Journal's Newspaper Fund. The Fund is an organization devoted to the encouragement of excellence in high school journalism.

Workshops featuring representatives of the press, radio, and television will be based on the theme, "Strengthening Journalism Education Ties in Southern California."

Preserve the American way of Life and Freedom by electing

Barry GOLDWATER
and **Bill MILLER**

A TEAM YOU CAN TRUST

This year you and your fellow Americans have a choice between two definite philosophies of government and an opportunity to decide how you and your children will live in the years ahead. . . . You can decide, on one hand, if you want to live under a growing welfare state with its accompanying controls, its higher taxes and its restrictions on your personal life. . . . Or on the other, you can decide that you want to live under a form of government visualized by the founders of this country — under freedom and with the maximum economic opportunity and benefit of a free society.

Girl Scout Chatter

by Mary D. Giacinto

Oh, there are so many things on the agenda for Girl Scouting that I don't know where to begin. So, I'd like to highlight a few of the "big things" for you Lemon Grovers to remember.

Nov. 10 has been set for the "dime-a-dip" potluck at the Lemon Grove Junior High auditorium. The meat dinners

will be served from 5:30 until all are served. Of course there will be salad and dessert too. The girl-scout families will provide food for the potluck.

Our cookie chairman for this year is Mrs. John McCrea. You just know we'll hear more on that a little later.

The district movie, held as a fund raising project, will also be in November — on the 27th at the Helix Theater in La Mesa (day after Thanksgiving). The first show is at 9:45 a.m. and second begins at noon. The price is 50 cents per ticket. The public is invited, and leaders will soon have tickets to sell in advance.

All council delegates and alternates are to attend a meeting from 9:30 a.m. to noon Nov. 7 at College Grove. Luncheon will be served at noon (\$1.50). Reservations must be in by Nov. 6.

CROWNED—Mrs. Vernon Spooner, president of the San Altos PTA, crowns Robert Burnett king of the school's Halloween carnival. Sherri Beebe is queen. The carnival will begin at 5 p.m. Saturday at the school.

Parade To Precede San Altos Carnival

A costume parade will precede the annual Halloween carnival sponsored by the San Altos PTA on Saturday.

Leading the parade will be a small band and the king and queen, Robert Burnett and Sherri Beebe, chosen from the fifth grade class. The procession will wind through the streets of San Altos ending at the school grounds where festivities will begin at 5 p.m.

There will be the usual game booths including several concessions, the green thumb and white elephant booth, plus an artist who will draw caricatures of the children. A talent show with a cast of adults and children will perform during the evening.

Dinner will be available in the cafeteria all evening, 60 cents for adults, 25 cents for children. There will also be a coffee and dessert shop for parents to sit and relax. Many months of planning by Mrs. Keith Richards, carnival chairman and room mothers have gone into this carnival.

Street Paving OK'd By SV School Board

With residents surrounding the proposed La Presa Junior High School on Leland st. requesting a street improvement district, the La Mesa-Spring Valley School District board of trustees, indicated Monday that they would notify the County Road Department of their intention to pave their half of the road. The County, it was brought out, has already paved its half.

It was reported that the LM-SV School District will establish the proposed junior high school if and when the money is available and that the building should be ready for occupancy for the 1966-67 school year. There is also an elementary school site in the same area.

L.G. School District Buys New Sweeper

The Lemon Grove school board approved the purchase of a power sweeper to keep its "several acres of asphalt and walkways" clean at the regular board meeting Monday night.

The new sweeper will be purchased at a cost of \$3,273, Byron Netzley, district superintendent for the school, said.

A drive-up payment window is one of the many innovations at the new location, making customer convenience a primary factor for the move according to King. The La Mesa exchange serves La Mesa, Lemon Grove, Spring Valley, Jamul and portions of San Diego. 34,000 customers are now served by this office.

Cafe Planned For Parents At Carnival

Ten entertaining booths await visitors to the Mt. Vernon PTA carnival Saturday at the school, 8350 Mt. Vernon st., Lemon Grove.

One of the booths will be Patsy's Place where tired parents will be able to enjoy coffee and dessert in the atmosphere of the roaring 20s.

The carnival will be from 5 to 9:30 p.m., said Mrs. Frank DuFon, carnival chairman.

There will be a wet sponge throw with the children from the school being the target and a ping pong pitch for live gold fish.

An enchilada dinner will be served in the cafeteria and hot dogs will be served outside.

New Telephone Office Under Way In La Mesa

Construction of a new Pacific Telephone business office is under way in Grossmont Center, La Mesa. A completely modern 16,000 square foot reinforced concrete and brick structure, is scheduled for completion next April according to Streeter King, La Mesa Manager for Pacific Telephone.

A drive-up payment window is one of the many innovations at the new location, making customer convenience a primary factor for the move according to King. The La Mesa exchange serves La Mesa, Lemon Grove, Spring Valley, Jamul and portions of San Diego. 34,000 customers are now served by this office.

Spook House Featured At Avondale Carnival

The Avondale Elementary School PTA will have its annual bazaar and carnival Saturday afternoon, Oct. 31.

Featured will be a "spook-house," cake walk, dinner and games for the families. The women of the PTA have been sewing and working for the past six months on Barbie doll clothes, dress-up clothes for children, Christmas decorations of all types, artificial flower arrangements and many other hand made gifts for the family.

Avondale PTA invites everyone to Christmas-shop early at the school bazaar. Doors will be open at 4 p.m.

Community Leaders Endorse HENRY BONEY for Supervisor

A close-knit family, the Boney family is shown at their home in La Mesa. From left, they are Steve, Scott (with bike), Darlene, Stan, Mrs. Boney (Jessie), and Henry Boney.

AFTER the Primary Election last June, when Henry Boney received more votes than any other candidate for Second District Supervisor, he was threatened with a "character smear" if he did not withdraw. Boney refused to be intimidated, and now an organized, last minute, desperation effort is being made to spread false rumors, distorted reports, libelous insinuations against Boney and his family. Anyone who knows Boney, knows these rumors are untrue. We urge you not to be misled by this old-fashioned political trick.

READ WHAT YOUR FELLOW-CITIZENS SAY:

"Henry Boney is an active churchman and a real community servant. I have watched him preside over important meetings and have marveled at his keen insight and impartial decisions when extremely important items were being determined. San Diego County needs a man like Henry Boney for one of its Supervisors."

Lester E. Bond
S. D. Minister (Emeritus)

"A good candidate must have the wisdom to understand the problems of his district and the ability to help overcome them. He must be a hard driver, morally sound and a leader which all people regardless of party can support—this I find in Henry Boney my choice for Supervisor of the 2nd District."

Patricia Ann Walters
Teacher

"I know Henry Boney to be a most capable, energetic, business success and leader. He deserves the vote of every thoughtful citizen."

W. A. Scroggs
Real Estate

"We need a young energetic man with present day ideas and new ideas for the future."

Mr. and Mrs. Joseph E. Jeffress
Spring Valley

"The economic climate of San Diego County will be greatly enhanced by the progressive and dynamic program espoused by Mr. Boney."

George Little
Food Broker

"I feel Mr. Boney's aggressive business attitude would vitalize county government."

J. H. Carmichael
Bonita

"We have known Henry Boney since 1947. He is an outstanding citizen and a successful businessman. We need a person of Henry Boney's ability for this important office of County Supervisor."

Mr. and Mrs. Jack R. Bryant
Food Broker

"Henry Boney, with his successful business background, will give sound and progressive economy to San Diego government."

John M. Bridger
Real Estate

"We need the resourceful and forceful leadership that Henry is offering to us."

E. Wayne Eckel
General Contractor

"We are standing behind Henry 100%. He is the man we have needed and looked for, for a long time to fill a man-sized job."

Mr. and Mrs. Gerald W. Clark
Engineer

"As a business and civic leader, Henry Boney has proven himself to be forceful and aggressive on the local level. He should do equally well on the County level."

John A. Davis
Savings & Loan Executive

"I am giving my full support to Henry Boney for County Supervisor because I believe the office to be of great and increasing importance to all of us in San Diego, and I personally know him to be—"

progressive in his recognition of needs and his practical creativity in finding a better way; liberal in giving of his talents, means, and boundless energy; conservative in that he is dedicated to the concept of government of the people, by the people and for the people with liberty and justice for all."

Crosby H. Milne

"Henry's ability, business experience and enthusiasm, plus his vim, vigor and vitality, makes him an outstanding candidate for Supervisor."

Mr. and Mrs. Curley Marso
Grocer

"Henry Boney has my vote for Supervisor because I believe his sincerity, experience, and devotion to public service rates him the best qualified candidate."

Mrs. Jeanne Moore
Executive Secretary

"Yes, I've known Henry and his wife for 18 or 20 years—fine people and dependable in all business dealings."

Mrs. Helen Beauchamp
Housewife

"I have been personally acquainted with Boney for about 25 years. He is a progressive, solid, level thinker."

H. Guy Greenman
Investments

"San Diego County needs more men of the caliber of Henry Boney whose experience will enable San Diego to take full advantage of its natural assets."

James B. Boyd
Public Accountant

"Henry Boney has proven his capacity to serve the public in many ways. He is entitled and merits fully enthusiastic support for Supervisor."

Harold F. Pote
Doctor

"I have known Henry Boney for six years and have observed him in action. When presented with a problem he is cautious until fully informed then he acts decisively. His outstanding success in business is proof of his judgment."

"A man who understands business surely will make a good Supervisor."

Emil A. Nelson

"Having worked for Mr. Boney for several years, I found him to be an excellent organizer and a man who will get a job done right."

Morris Pearl

"A County Supervisor should be a man of unquestionable integrity and high moral character. He should have the ability and energy to serve all the people in his district. Henry Boney has these qualities."

**HENRY BONEY—
FIRST IN THE PRIMARY—
DESERVES YOUR VOTE
BECAUSE**

1. It's time for a change—for new life, new ideas, on the Board of Supervisors.
2. The incumbent Supervisor has been on the public payroll for over 41 years.
3. Politicians who resort to last-minute tricks and character smears should be repudiated at the polls.
4. Boney has proved his ability to create new jobs, to build, and get things done.
5. Boney can devote his full time and energies to serving all San Diego County on the Board of Supervisors.
6. Henry Boney has for many years proved his unselfish interest in San Diego County's welfare... as a Kiwanis and Boy Scout leader; as a director or active member of the United Community Services, United Fund Campaign, PTA, and many other civic, church, and business organizations.
7. Boney has a concrete, practical PLAN FOR PROSPERITY for the Second Supervisorial District—a plan which he has outlined in detail many times during the campaign.

Teachers Urge Support on 2, 3

Lemon Grove teachers voted strong support of Propositions 2 and 3 at a recent meeting of the Lemon Grove District Teachers Association executive board according to James Dawson, president of the CTA chapter here.

He said the association members urge voter support of the two measures which will provide buildings and classrooms for California's booming enrollment kindergarten through graduate school.

Proposition 2, also endorsed by the California Teachers Association, will provide funds to finance junior colleges, state colleges, and the ever-expanding University of California campuses.

Proposition 3 will authorize the sale of bonds to continue the school construction aid program. This program will permit districts to build classrooms for the 72,000 pupils of the state who were on half-day sessions last year and to provide additional facilities for the 160,000 additional children the schools of California anticipate annually.

On Tuesday evening, April 13, the Lemon Grove School Board took similar action supporting Propositions 2 and 3. That body passed resolutions endorsing both measures which can provide the facilities for educating California youth.

Utt Aids Korean Orphans After Two Year 'Battle'

ORANGE — Congressman James B. Utt (R-35th) took a few hours away from the campaign trail Saturday to visit Mr. and Mrs. Robert S. Ainley, and after two years, finally met the family he and his Washington staff "know" so well.

The six-term Congressman has been in regular correspondence with Bob and Shirley Ainley during their two year battle to adopt three additional Korean orphans. Previously the Ainleys had adopted two orphans, but to bring three more children to the United States took a special act of Congress.

Despite many obstacles the first of three new Ainleys has arrived. He is 8-year-old Chang In Wu, re-christened "Clarke." He is already teaching the family Korean.

The other two, Young Soon Kim and Tai Ung Choi, each six, will be renamed Connie and Cameron. They are awaiting transportation through Tokyo. Their final delay is the Olympic Games traffic.

The other two Korean children previously adopted are Caryn 4, and Carmen 3. The Ainleys also have five children of their own: Chris, 9; Carol, 7; Calvin, 6; Cary, 5; and Colleen, 3. In addition Mrs. Ainley keeps three young girls from Fairview State Hospital by day. Incidentally, all 10 children have middle names beginning with "M." Bob Ainley claims there is no significance in it, "It's just the way it worked out."

Mrs. and Mrs. Utt, accompanied by his administrative assistant, Mrs. Marie E. Adams, were anxious to meet the family they feel they've known so long. Mrs. Adams said that all the letters, reports, inquiries, bills, forms, etc., on the family would make a stack a foot high.

Congressman Utt told Mrs. Ainley, "This family is the marvel of the Immigration Committee in Congress" when he visited the family's spacious and neat two-story colonial style home at 2286 Robinhood Place, in Orange.
